FUSION MEN ARE NAMED

Democratic and Keystone Parties Hold Meetings

OFFICES ARE DIVIDED

Tickets were named by the Democratis and Keystone voters of Charleroi at suggestion meetings held Monday evening. Separate meetings were held by the supporters of both tickets and a fusion session was held afterwards when notes were compared and the agreements reached over a week ago in effecting a fusion were read and signed. In alloting offices the Democrats were given a certain share, and the Keystone people were giver their share. A good representation was present at both meetings. Good tickets were named.

The Democratic meeting was held at Burgess Risbeck's office in the police building. Dr. J. K. Smith was chosen shairman of the meeting and Dale Jolliffe, secretary. The Keystone meeting was held in the Firemen's room, and Charles Black, one of the leading spirits in the Keystone movement, was the chairman. Chauncey G. Collins was the secretary.

The following names were suggested by the Democrats for the various offices:

Council, for four years—S. L. Woodward, Fred Pieper, Sr., Dr. D. E. Kimmell, George Myford.

School director for six years—Dr. C. C. Wright, Dr. N. W. Patton, T. R. Eagye; for four years—Frank Arrison, Dr. T. M. Faddis; for two years Fred Pieper, Jr., L. E. Jobes.

Auditor—R. Dale Jolliffe.

Justice of the Peace—R. P. Fitzgerald, Charles Black.

Candidates suggested by the Keystone ticket were:

High Constable—James Myers.

Constable—Charles Herron.

Council, four years—James Dawson; for two years, James Ryland.

School board, for six years—George Gunderman; for four years, Daniel Gottheld; for two years, Benjamin Wilson.

Justice of the Peace—Chauncey G. Collins, Ezra Conway.

Suggestions were made of precinct officers by the Democrats. They were:

First precinct—Judge , Samuel Franks; inspector, J. F. Laird; assistant assessor, Emil Velletay.

Third precinct—Judge, Stanford Lutes; inspector, John Leyda; assistant assessor, Charles Lutes.

Fourth precinct—Judge, William Sauters; inspector, William McMahon; assistant assessor, Fred Pieper, Sr.

Sixth precinct—Judge, Fred Estenfelder; inspector, R. C. Roberts; assistant assessor, John Galbraith.

MONONGAHELA WORKING FOR BIG PRIMARY VOTE

Monongahela, which has a city charter, and therefore comes under the registration law governing cities, is preparing for a phenomenally large vote at the primary election. Frank B. Wickerham, of that city, Republican candidate for register, who was a Charleroi caller yesterday says that on Thursday, which was the first registration day, more voters registered in his district than were ever before polled. He looks for the biggest vote in the history of the town.

REPLACE CAR ON THE TRACK

Mrs. Anna Jane Roberts, Who Was Injured, Is Recovering

The car of the Pittsburg Railways Company which jumped the track at Speers Monday afternoon at about 1 o'clock and knocked down an electric power pole, was replaced on the track about 5 o'clock Monday evening. Mrs. Anna Jane Roberts, the aged woman who was the worst injured in the accident, is getting along as well as could be expected. Others somewhat injured were Steve Dotsa, of Pricedale who received a black eye, and a man by the name of Grant, fram Coal Bluff who had his back wrenched. There were others who were bruised and shaken up to some extent but none seriously injured The car was slightly damaged by striking the pole.

WILL DISCUSS PAVING PROJECT

Lincoln Avenue Property Holders Asked to Meet Committee

At a meeting of council tonight when an ordinance for the paving of Lincoln avenue is to come up, it is expected a number of property holders will be present. Unless sufficient property holders sign the petitions the paving cannot be done, and the aid which the State has promised will be lost to the borough.

It appears that some opposition to the project has developed. Some of the property holders contend that the aid promised by the State should be used to cut down the property assessments of individuals instead of relieving the borough in the interest of all the taxpayers. In order to discuss and explain the matter a call has been issued by the directors of the local Business Men's Association to the property owners of Lincoln avenue to meet at the rooms of the Association in the Kirk & Clark building this evening at 7 o'clock, before the meeting of council later. The committee who met State Highway Commissioner Bigelow, when the latter visited Charleroi and promised that the street would be paved this season if the property owners co-operated, will be present and explain the situation.

It is hoped that a large representation of property owners along Lincoln avenue will attend the meeting at the rooms of the Business Men's Association at 7 this evening, as if advantage of this opportunity is not taken at the present time the borough will likely losse forever the hope of State aid in paving that thoroughfare.

COAL TRADE SHOWS SOME IMPROVEMENT

August Shipments Better Than Those of July by Over Million Bushels--Not Up to Last Year

Some improvement was shown in the coal trade through Lock No. 4 during August, the total shipment of coal for that month being in excess of that for July by 1,238,000 bushels. Still the business was away below the average trade owing to the low stage of water which prevailed during the month, keeping the Ohio river at a level and tying up practically all the available flats and barges of the companies which do the heaviest shipping.

During the month there were 10,565,000 bushels of coal put through the lock. For July the shipments totaled 9,327,000 bushels. The records show for August of last year shipments of coal totaling 15,679,000 bushels.

A feature of the river trade as noted at Lock No. 4 during August was the passenger trade. There were 2,834 pasesngers down stream and 2,996 up stream. Lockages down stream were 506 and there were 274 steamers, and 1,087 boats, barges, and flats passed down. There were 500 lockages up stream and 276 steamers and 1,075 boats, barges and flats passed up stream.

INTERESTED IN NEW NUT LOCK

John Oates, a State Official, Tells of Invention He Saw in Another County

John J. Oates, a field inspector of State Board of Health, was in town over Sunday spending the Labor Day holiday with his family. He is operating in Armstrong county, and while there met a man with an invention which interested him greatly. This is a nut lock, which the inventor, F. Leisure, has had patented, and which, since the terrible railroad disaster of a few weeks ago, caused by spreading of rails, has special significance.

The invention is a nut lock which is easily applied, of simple design and the nut cannot come off without the aid of some one. It will be a great saving to all railroad companies which might apply it to the use of holding rails together by means of fish plates. The device can also be applied to wagons, buggies, motor cars and all vehicles which would add greatly to the safety of the public.

WEST PENN GETS RIGHTS OF WAY

Electric Power Company Surveying for Direct Line to Washington

Practically all the rights of way along the proposed high tension line to be constructed between Charleroi and Washington have been secured, it is stated, by the West Penn Electric company, and it is only a matter of time when actual work will start. It is the intention to supply Washington, Canonsburg, McDonald and other places throughout the county with electric power from Connellsvillle through Charleroi supply station. The power thus secured will be used for lighting and all other purposes for which electricity is used.

Not long ago the West Penn company bought the Washington and Canonsburg electric plants and immediately started the work of getting rights of way. Generally speaking they have not had any trouble, although there are still some land holders holding out.

The route proposed leads from Charleroi over the hill almost directly west. The line will be direct. Along with the Washington county end of the system the West Penn Electric company will furnish power for other towns and boroughs in various parts of various counties. To enable them to supply power a new plant is now being built at Connellsville.

Surveys are now being made along the line of the proposed route. Monday surveyors were engaged in making a survey on the Smith Frye farm near town and the John H. Frye place. The work is being continued toward Washington.

Not a Candidate.

Walter Byerly anounces that he will not be a candidate for council at the primary election. He was nominated at the Republican suggestion meeting, but declines to make the run.

SATURDAY LAST DAY FOR FILING

Paper and Petitions Must be in Hands of Commissioners

In spite of the fact that Saturday is the last day on which candidates can file their papers to place their names on their respective tickets, for municipal offces there are few who have presented their qualifications at the county commissioner's office yet. All due haste is being urged so that the petitions and papers can be prepared and the printing of the ballats for the county arranged. This contract will be let in a week or so.

There are yet 27 boroughs and 30 townships to report lists of nominations on the respective tickets to the commissioners. Last night in Charleroi the Democrats and the Keystoners prepared their ticket and papers will be sent to Washington as soon as possible. Last Friday the Republicans prepared their ticket and the papers to be filled at the same time. Candidates can enter their own petitions for municipal office and have them attested the same as though their names were presented at a regular suggestion meeting, and it is understood that a number of aspirants for offices over the county are doing or are going to do this.

CHANGES EFFECTED ALONG TROLLEY LINE

Headquarters for Washington and Charleroi Line at Different Location

Beginning Friday, September 1st., the headquarters of the interburban cars on the Washington and Charleroi lines of the Pittsburg Railways company will be removed from the car barn at the southern end of Mt. Washington tunnel to the reconstructed barn at Castle Shannon, formerly used by the Pittsburg and Castle Shannon Railroad company.

Fred H. Eibs, operating superintendent of the Washington and Charleroi divisions, will have charge of the crews out of the new place, and his jurisdiction now extends from Washington to Water street, Pittsburg, and from Washington Junction to Roscoe.

Fight Festivitives Aired in Court and Fines ere Bestowed

Six foeigners said to have been the chief offenders in a combat at the corner of Tenth street and McKean avenue following a christening Sunday were fined by Burgess George W. Risbeck at a hearing Monday night. Peter Kaliski and his wife Katie, Mike Koszoski and his wife Annie, and Victorine Skinkis, were each fined $5.00 and costs and Tony Krotansky who wouldn't talk Monday morning was fined $3.85. William Newman and Alex Skinkis were both discharged.

There were eight arrested altogether because of the scrap. The disagreement started with the three women, who got into a mixup then called to their husbands for succor.

DONORA THE SCENE OF CELEBRATION

Field and Track Meet Features Labor Day Program at Steel Town

Donora was the scene of practically the only Labor Day celebration in this vicinity Monday, and the place was jammed with people. The main feature was a track meet in the afternoon held by the Donora Athletic Association. Athletes from several towns participated in these events. Charleroi High School runners were entered, but in only two events, the 880 yard run and the running high jump, were they able to qualify. Austin Stahlman took second place in the 880 run and John Hugus took third place in the jump. Lloyd Carson, last year's High School track captain who was entered under the Monessen A. A. emblem, captured third place in the pole vault.

SOCIALISTS HOLD SECOND OUTING

Three Counties Represented at Affair Held at Eldora Labor Day

Socialists from Washington, Westmoreland and Fayette counties held their second annual outing at Eldora Park on Monday and the event was one of the first in importance of assemblages held by Socialists of Western Pennsylvania. There was a big crowd present during the whole day and a beneficial gathering to the Socialist propoganda.

People came to the park in the earlly morning and parties from different parts of the three counties continued to arrive until later in the afternoon. In the afternoon the chief feature was speaking, and the main address was made by Prof. John Kirkpatrick, of New York city. Prof. Kirkpatrick is the author of "War! What For?" and his topic was the same as that of his book. He said that the working men made the tools the working men went to war and the working men were killed. He said that war could be stopped by the working men refusing to fight.

Louis Goaziou of Charleroi, editor of L'Union des Travelleurs, the Grench Socialist paper, made a talk in which he outlined the changes industrially over the country during the past 20 or 30 years and said that the workingman should be benefitted by the changes. Joe Bertelli made an address in Italian. Adrian Eldridge of Monongahela was chairman of the meeting.

NEW SINGER MAKES AN IMMEDIATE HIT

Miss Helen Atwell, the new singer at the Palace Theatre made her initial appearance Monday night and she made an immediate hit, being enthusiastically applauded and forced to respond to encores. Miss Atwell, who is the first woman singer the Palace has had for some time has a mezzo-soprana voice of rare quality. Her experession is good and her grading of tones is excellent. Miss Atwell sang Monday night "My Hero" from "The Chocolate Soldier," and while the arrangement of the song did not particularly adapt it to her voice, she nevertheless showed remarkable quility and benefit of voice training.

SHOOTING ENDS GAME

One Man Killed and Three Seriously Injured

POSSE CHASING NEGROES

One woman dead, another is probably fatally wounded and two men were wounded as a result of a "friendly game" of seven-up at the home of William Pierce at Hackett Station Monday afternoon. All are negroes.

THE DEAD.

Mrs William Pierce, 25 years old, shot and instantly killed.

THE INJURED.

Mrs. Irene Hicks, 45 years old, mother of Mrs. Pierce, shot through lung; probably will die.

Robert Brown, 25 years old, a miner of Hackett station, cut and bruised about the face and head.

William Pierce, 30 years old, husband of dead woman, cut about face and head.

Pierce, his wife, his mother-in-law, Robert Brown and Stewart Palmer, 58 years old, were playing "seven-up" when a dnspute arose as to the ownership of a trick.

A fight ensued in which all parties concerned are said to have exchanged blows. While the fight was in progress, another negro, William Evans, got a shotgun from nis home and passed it to Palmer, is is alleged. Palmer, it is said, fired one of the barrels, at close range, and the load struck Mrs. Pierce, tearing away part of her side and killing her instantly.

Palmer, it is alleged, then drew a revolver and fired, the bullet piercing Mrs. Hick's body, through a lung. Then, drawing a knife, Palmer is alleged to have attacked Brown and Pierce, slashing them about the face and head in his effort to escape. Palmer then fled. A posse headed by Deputy Sheriff R. G. Lutton is in pursuit.

YOUNG INSURANCE MAN WEDS AT M'KEESPORT

At the home of the bride's parents in McKeesport, Monday occurred the wedding of S. Albert Berry, a well known young insurance man of Charleroi, and Miss Nellie Bathust. The event was a pretty affair, and soon after the ceremony the happy young couple left for the east where they will enjoy their honeymoon.

Upon their return they will take up their residence in Belle Vernon where the groom has already a home prepared on State street.

The bride is the beautiful and accomplished daughter of Mr. and Mrs. Irvin Bathust, and is a popular young woman in her home city. Mr. Berry, who was formerly a resident of McKeesport has been a member of the local force of the Metropolitan Life Insurance company, with offices in the Bank of Charleroi building and has been remarkably successful here. He was one of the star players on the First Presbyterian church team of the Church Baseball league during the past season.

BOROUGH SHOULD BENEFIT.

It is understood that there is some objections to the paving of Lincoln avenue on the part of certain property owners unless the aid promised by the State is not appropriated for the benefit of those property holders on the thoroughfare instead of going to the borough for the benefit of all the taxpayers. In other words, some of the property owners of Lincoln avenue want the State aid used to cut down their paving assessments instead of paying the one-third which all the other property owners did who live on paved streets.

This is manifestly unfair. If the borough paved Lincoln avenue in the ordinary manner, the property holders would pay two-thirds and the borough would pay one-third. That is the way all the other streets in the borough have ben paved, and to discriminate in favor of property owners on one street would be in conflict with the ordinance governing that situation. The proper procedure is for the property owners to pay the one-third the same as the others, and relieve the borough from any payment at all, as this would then benefit all the taxpayers alike. If the State paves the borough's share in paving Lincoln avenue, that will leave that much more borough funds available for improvements elsewhere. It would not be fair for Lincoln avenue property holders to pay less for their paving than property owners on any of the other paved streets.

Norris Case Opened.

The case against Eph Norris, the Charleroi colored man who is charged by George B. Nelan with attempted burglarly at his home on Lookout avenue, was scheduled for today and witnesses are in Washington. The case had already been postponed twice.

PICKED UP IN PASSING

"You'd be surprised," said George S. Might, the McKean avenue newsdealer, "at the amount of light literature I sell to people whom I know have good literaary taste and sound intellectual development. One of these purchasers said to me once when he bought some paper backed books that one naturally supposed belonged to the chambermaid class of readers, that he read such stuff ot intervals for rest and recreation.

"I read and study a big lot of solid matter right along as you know,' he said, 'but the time comes at intervals when my mind gets stalled and I have to rest it. This I do by reading some light stuff that has a thrill in every chapter. That is why I buy this stuff. It's for the rest and recreation it gives me.'

"And," continued Mr. Might, "He's only one of many."

E.B. Murdock of the clothing firm of Murdock & McCarthy, admitted that he too, had been an extensive reader of light literature in his youth.

"We couldn't get good literature cheap then as now and the current cheap fiction was Beadle's and Munroe's blood and thunder tales, and the New York Ledger from which we boys back in Greene county used to get our thrills and inspirations. It was Indians, Indians, Indians. There was always a hero and a heroine and an old trapper who fought, were captured and escaped, and had a thrilling adventure on every page. I only remember one such novel in which the hero got killed, and that actually made me mad. I couldn't conceive of a writer who would kill off the hero in the last chapter."

FEENEY PROVES AN EXPERT AT QUOITS AND WINS A PRIZE

In addition to his record as a legislator, Assemblyman William Feeney has also a record as a quoit pitcher In youth some men have taken to baseball, some to golf, and some to other forms of athletics, but Mr. Feeney has a liking for quoits—not the horseshoe kind, but the regulation sport in which rings are used. Mr. Feeney is considered one of the experts in this line, and has won a number of matches, one of the most sensational of which was pulled off at Roscoe Monday.

This had been arranged two weeks ago with Robert Stevenson, another expert, for a prize of $25. Five pound rings were used. Mr. Feeney gave his opponent a handicap of three points, and then won by 17 points, the score being 51 to 34. A big crowd was in attendance at the contest.

DONORA CHURCH TO COST $35,000

St. Michael's Greek Catholic Slavish congregation of Donora, laid the corner stone of their handsome new church Sunday. The ceremonies were the occasion of the presence of numerous visiting priests. The new church will be erected at a cost of about $35,000 and will occupy the site of the old frame church built by the congregation at the corner of Fifth street and Murray avenue, directly following its organization in May of 1904. It will be built of buff brick with stone trimmings and will have a seating capacity of 650 persons. The building is of old Greek architecture. The Rev. Father Alexander Kossey is the present pastor of the congregation. The officers are Mike Dudas, president; John Stanko, secretary; Mike Breza, treasurer, and John Procz, Andy Duricsko, Mike Dudas, John Janisik, George Vrabel and Father Kossey, trustees.

STOP THAT DANDRUFF

before it kills your hair. You know dandruff is a germ disease and it leads slowly and surely to baldness and there is only one way to cure dandruff and that is to kill the germ that causes the trouble.

Greasy salves will never do this. ZEMO and ZEMO SOAP kills the germ and are guaranteed to cure dandruff, itching scalp and all other germ diseases of the skin and scalp.

ZEMO and ZEMO SOAP are the true scientific remedies for these affiictions. To show our faith in ZEMO and ZEMO SOAP we have instructed the druggist selling them to refund your money if you are not satisfied with the results from the very first bottle and the first cake of soap.

We can afford to make this offer because one bottle of Zemo and one cake of soap are sufficient to show their healing qualities and if used according to directions, they will effect a permanent cure.

JOSEPH HORNE CO

PITTSBURGH, PA.

One Quarter of A Million (250,000) People, Will See This Advertisement, and You Are One of Them

This is The Thoughtful, Earnest Statement of Pittsburgh's Oldest Departmental Store, A Store Established 62 Years Ago.

THE Joseph Horne Company store was established on Market Street in Pittsburgh in 1849 by Mr. Joseph Horne.

Like the compass with four cardinal points—North, East, South and West—there were four cardinal points the founder of this business determined he would follow. Those points were:

(1) Reliability,
(2) Service,
(3) Truthfulness,
(4) Aggressiveness.

Those four qualities he considered business essentials, and though times and conditions have changed, honor is just as honorable, truth is just as truthful today as 62 years ago. The descendants of Mr. Horne and his partners, who now guide this business, follow the same motto that has hung over the door (figuratively speaking) ever since the key was first turned in the lock.

Every business institution in the world is conducted for the purpose of profit-making, but the Joseph Horne Company know that its business bread is buttered on the side of reliability, service, truthfulness and aggressiveness. In the bright lexicon of modern departmental store methods, these are our guiding stars.

You Live Within 60 Miles or Less of Pittsburgh

PERHAPS an interurban electric line, one of those modern-day marvels of transportation, will bring you direct to the Joseph Horne Store. If not, a railroad is at your command and will whisk you to Pittsburgh in almost no time—50 or 60 miles is nothing nowadays.

If you buy only as little as a spool of thread, it will be delivered to your home without further thought or inconvenience to you, and without a penny's added charge.

If you will take a day and come to Pittsburgh, you can supply all your needs in a comparatively short space of time. You can do it quickly, easily and pleasantly. You will have an immense variety from which to choose, and you will pay the smallest prices for which it is possible to produce merchandise of good, reliable quality. When through with your shopping, you will have time for the matinee or a visit to some Pittsburgh friends before train-time.

The Exposition Building is but a Stone's Throw From Horne's

THE great Western Pennsylvania Exposition is now open. The first excursion is Wednesday, September 6th; the second is Thursday, September 7th, and the third is Saturday, September 9th.

There are other excursions each Wednesday, Thursday and Saturday until the conclusion of the Exposition, October 21st. What a wonderful opportunity it is to get in personal touch with the Joseph Horne Company and the Exposition. You can combine two pleasurable events in one and profit by both.

We Do Not Operate This Store to Suit Ourselves but to Please Our Customers

IT has been said that public opinion is of greater force than money or men. Public opinion is the supreme court from which there is no appeal.

We do our best to make this a store that will appeal to you. When you come to town you may take your parcels to the Checking Desk at the rear of the Main Floor and have them checked free of charge. The immense Mezzanine Balcony is an alluring spot to sit and rest for a moment. There you may write a letter, read the newspaper and meet your friends. Telephones are handy, there is a Post Office right at your elbow where money orders may be bought and stamps purchased. When lunch time comes, you may take an express elevator to the 6th floor and at small expense have as comfortable and appetizing a lunch as one could desire.

If you wish a taxicab ride, ask any floorman and he will have the machine at the door in five minutes. At train-time if you will ask a floorman he will have a boy help you take your parcels to the train.

This is fundamentally and emphatically a store of reliable things. It is not our business to see how cheap an article is purchasable. It is our business, and at the same time our pleasure, to see how good a thing can be, and then to figure at how low a price it can be sold. So, whatever you pay at Horne's and whatever you buy at Horne's, reliable quality is the basic characteristic.

Some times people KNOW things. Sometimes they think them. But this one thing you may KNOW. If anything should prove unsatisfactory for any cause, or for no apparent cause, it is returnable at any time and your money will be as cheerfully refunded as though you were drawing it from a bank.

Fall, and the Things for Fall

THE world is a little place in these days of telegraph, cable, wireless, steamships as big as skyscrapers and express trains that rival the lightning's speed. The Joseph Horne Company spreads its nets wherever good merchandise may be found and brings to Pittsburgh the products of the world, from whatever sources they are made best.

Facts About Motherhood

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at the time of child-birth, but many approach it inexperience with an organism unfitted for the trial of strength, and when the strain is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, women will persist in going blindly to the trial.

It isn't as though the experience came upon them unawares. They have ample time in which to prepare, but they, for the most part, trust to chance and pay the penalty.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy, and strong.

Any woman who would like special advice in regard to this matter is cordially invited to write to Mrs. Pinkham at Lynn, Mass. Her letter will be held in strict confidence.

POPULAR PATROLMAN ACCIDENTLY SHOOTS HIMSELF IN FINGER

George McEldoney, the popular patrolman suffered a painful although not necessarily severe wound this morning when he srot his left forefinger while removing a shell from his revolver. Mr. McEldowney had just shot a dog and was engaged in refilling his gun. In breaking the weapon it stuck and a little extra force resulted in the revolver being discharged. His left forefinger was on the end of the barrel and the bullet tore through the flesh. It so happened that the digit was not entirely over the orifice through which the bullet tore its way, or the bone would have been shattered. The bullet struck a chair and lodged in it.

HEED THE WARNING !!

Backache is the Signal .that .Kidney Diseases are Nigh.

Who doesn't dread the advanced stages of kidney trouble—Bright's disease, dropsy and gravel.

But today throughout America, there are tens of thousands suffering the torments of hopeless agony just because they failed to heed the first signal, the certain warning of future misery—backache.

Bachache means that your kidneys are weak.

Stop kidney disease at the start, that's the easiest way and Thompson's Barosma is the surest remedy. W. F. Hennings' sells it, and is willing to guarantee it to stop backache, sideache and sharp shooting pains and to cure Bright's disease and any and all kidney, liver and bladder trouble, or money back.

It is a great maker of pure blood, and a builder of flesh, because it promptly cleans the kidneys and puts them in such perfect condition that the impurities are thoroughly strained from the blood as it passes through and are promptly eliminated with the urine. Thompson's Barosma is only 50 cents and $1.00 a bottle.

Mrs. C. E. Shanton, widow of the late John Shanton has left for her former home in Oklahoma.

FUSION MEN ARE NAMED

Democratic and Keystone Parties Hold Meetings

OFFICES ARE DIVIDED

Tickets were named by the Democratis and Keystone voters of Charleroi at suggestion meetings held Monday evening. Separate meetings were held by the supporters of both tickets and a fusion session was held afterwards when notes were compared and the agreements reached over a week ago in effecting a fusion were read and signed. In alloting offices the Democrats were given a certain share, and the Keystone people were giver their share. A good representation was present at both meetings. Good tickets were named.

The Democratic meeting was held at Burgess Risbeck's office in the police building. Dr. J. K. Smith was chosen shairman of the meeting and Dale Jolliffe, secretary. The Keystone meeting was held in the Firemen's room, and Charles Black. one of the leading spirits in the Keystone movement, was the chairman. Chauncey G. Collins was the secretary.

The following names were suggested by the Democrats for the various offices:

Council, for four years—S. L. Woodward. Fred Pieper. Sr., Dr. D. E. Kimmell, George Myford.

School director for six years—Dr. C. C. Wright, Dr. N. W. Patton, T. R. Eagye; for four years—Frank Arrison, Dr. T. M. Faddis; for two years Fred Pieper, Jr., L. E. Jobes.

Auditor—R. Dale Jolliffe.

Justice of the Peace—R. P. Fitzgerald. Charles Black.

Candidates suggested by the Keystone ticket were:

High Constable—James Myers.

Constable—Charles Herron.

Council, four years—James Dawson; for two years, James Ryland.

School board, for six years—George Gunderman; for four years, Daniel Gottheld; for two years, Benjamin Wilson.

Justice of the Peace—Chauncey G. Collins, Ezra Conway.

Suggestions were made of precinct officers by the Democrats. They were:

First precinct—Judge , Samuel Franks; inspector, J. F. Laird; assistant assessor, Emil Velletay.

Third precinct—Judge, Stanford Lutes; inspector, John Leyda; assistant assessor, Charles Lutes.

Fourth precinct—Judge, William Sauters; inspector, William McMahon; assistant assessor, Fred Pieper, Sr.

Sixth precinct—Judge, Fred Estenfelder; inspector, R. C. Roberts; assistant assessor, John Galbraith.

MONONGAHELA WORKING FOR BIG PRIMARY VOTE

Monongahela, which has a city charter, and therefore comes under the registration law governing cities, is preparing for a phenomenally large vote at the primary election. Frank B. Wickerham, of that city, Republican candidate for register, who was a Charleroi caller yesterday says that on Thursday, which was the first registration day, more voters registered in his district than were ever before polled. He looks for the biggest vote in the history of the town.

REPLACE CAR ON THE TRACK

Mrs. Anna Jane Roberts, Who Was Injured, Is Recovering

The car of the Pittsburg Railways Company which jumped the track at Speers Monday afternoon at about 1 o'clock and knocked down an electric power pole, was replaced on the track about 5 o'clock Monday evening. Mrs. Anna Jane Roberts, the aged woman who was the worst injured in the accident, is getting along as well as could be expected. Others somewhat injured were Steve Dotsa, of Pricedale who received a black eye, and a man by the name of Grant, fram Coal Bluff who had his back wrenched. There were others who were bruised and shaken up to some extent but none seriously injured The car was slightly damaged by striking the pole.

WILL DISCUSS PAVING PROJECT

Lincoln Avenue Property Holders Asked to Meet Committee

At a meeting of council tonight when an ordinance for the paving of Lincoln avenue is to come up, it is expected a number of property holders will be present. Unless sufficient property holders sign the petitions the paving cannot be done and the aid which the State has promised will be lost to the borough.

It appears that some opposition to the project has developed. Some of the property holders contend that the aid promised by the State should be used to cut down the property assessments of individuals instead of relieving the borough in the interest of all the taxpayers. In order to discuss and explain the matter a call has been isued by the directors of the local Business Men's Association to the property owners of Lincoln avenue to meet at the rooms of the Association in the Kirk & Clark building this evening at 7 o'clock, before the meeting of council later. The committee who met State Highway Commissioner Bigelow, when the latter visited Charleroi and promised that the street would be paved this season if the property owners co-operated, will be present and explain the situation.

It is hoped that a large representation of property owners along Lincoln avenue will attend the meeting at the rooms of the Business Men's Association at 7 this evening, as if advantage of this opportunity is not taken at the present time the borough will likely losse forever the hope of State-aid in paving that thoroughfare.

COAL TRADE SHOWS SOME IMPROVEMENT

August Shipments Better Than Those of July by Over Million Bushels---Not Up to Last Year

Some improvement was shown in the coal trade through Lock No. 4 during August, the total shipment of coal for that month being in excess of that for July by 1,238,000 bushels. Still the business was away below the average trade owing to the low stage of water which prevailed during the month, keeping the Ohio river at a level and tying up practically all the available flats and barges of the companies which do the heaviest shipping.

During the month there were 10,565,000 bushels of coal put through the lock. For July the shipments totaled 9,327,000 bushels. The records show for August of last year shipments of coal totaling 15,679,000 bushels.

A feature of the river trade as noted at Lock No. 4 during August was the passenger trade. There were 2,951 passengers down stream and 2,996 up stream. Lockages down stream were 506 and there were 274 steamers, and 1,087 boats, barges, and flats passed down There were 500 lockages up stream and 276 steamers and 1,075 boats, barges and flats passed up stream.

INTERESTED IN NEW NUT LOCK

John Oates, a State Official, Tells of Invention He Saw in Another County

John J. Oates, a field inspector of State Board of Health, was in town over Sunday spending the Labor Day holiday with his family. He is operating in Armstrong county, and while there met a man with an invention which interested him greatly. This is a nut lock, which the inventor, F. Leisure. has had patented, and which since the terrible railroad disaster of a few weeks ago, caused by spreading of rails, has special significance.

The invention is a nut lock which is easily applied, of simple design and the nut cannot come off without the aid of some one. It will be a great saving to all railroad companies which might apply it to the use of holding rails together by means of fish plates. The device can also be applied to wagons, buggies, motor cars and all vehicles which would add greatly to the safety of the public.

WEST PENN GETS RIGHTS OF WAY

Electric Power Company Surveying for Direct Line to Washington

Practically all the rights of way along the proposed high tension line to be constructed between Charleroi and Washington have been secured, it is stated, by the West Penn Electric company, and it is only a matter of time when actual work will start. It is the intention to supply Washington, Canonsburg, McDonald and other places throughout the county with electric power from Connellsvillle through Charleroi supply station. The power thus secured will be used for lighting and all other purposes for which electricity is used.

Not long ago the West Penn company bought the Washington and Canonsburg electric plants and immediately started the work of getting rights of way. Generally speaking they have not had any trouble, although there are still some land holders holding out.

The route proposed leads from Charleroi over the hill almost directly west. The line will be direct. Along with the Washington county end of the system the West Penn Electric company will furnish power for other towns and boroughs in various parts of various counties. To enable them to supply power a new plant is now being built at Connellsville.

Surveys are now being made along the line of the proposed route. Monday surveyors were engaged in making a survey on the Smith Frye farm near town and the John H. Frye place. The work is being continued toward Washington.

Not a Candidate.

Walter Byerly anounces that he will not be a candidate for council at the primary election. He was nominated at the Republican suggestion meeting, but declines to make the run.

SATURDAY LAST DAY FOR FILING

Paper and Petitions Must be in Hands of Commissioners

In spite of the fact that Saturday is the last day on which candidates can file their papers to place their names on their respective tickets, for municipal offces there are few who have presented their qualifications at the county commissioner's office yet. All due haste is being urged so that the petitions and papers can be prepared and the printing of the ballats for the county arranged. This contract will be let in a week or so.

There are yet 27 boroughs and 30 townships to report lists of nominations on the respective tickets to the commissioners. Last night in Charleroi the Democrats and the Keystoners prepared their ticket and papers will be sent to Washington as soon as possible. Last Friday the Republicans prepared their ticket and the papers to be filled at the same time. Candidates can enter their own petitions for municipal office and have them attested the same as though their names were presented at a regular suggestion meeting, and it is understood that a number of aspirants for offices over the county are doing or are going to do this.

CHANGES EFFECTED ALONG TROLLEY LINE

Headquarters for Washington and Charleroi Line at Different Location

Beginning Friday, September 1st., the headquarters of the interburban cars on the Washington and Charleroi lines of the Pittsburg Railways company will be removed from the car barn at the southern end of Mt. Washington tunnel to the reconstructed barn at Castle Shannon, formerly used by the Pittsburg and Castle Shannon Railroad company.

Fred H. Eibs, operating superintendent of the Washington and Charleroi divisions, will have charge of the crews out of the new place, and his jurisdiction now extends from Washington to Water street, Pittsburg, and from Washington Junction to Roscoe.

Fight Festivitives Aired in Court and Fines ere Bestowed

Six foeigners said to have been the chief offenders in a combat at the corner of Tenth street and McKean avenue following a christening Sunday were fined by Burgess George W. Risbeck at a hearing Monday night. Peter Kaliski and his wife Katie, Mike Koszoski and his wife Annie, and Victorine Skinkis, were each fined $5.00 and costs and Tony Krotansky who wouldn't talk Monday morning was fined $3.85. William Newman and Alex Skinkis were both discharged.

There were eight arrested altogether because of the scrap. The disagreement started with the three women, who got into a mixup then called to their husbands for succor.

DONORA THE SCENE OF CELEBRATION

Field and Track Meet Features Labor Day Program at Steel Town

Donora was the scene of practically the only Labor Day celebration in this vicinity Monday, and the place was jammed with people The main feature was a track meet in the afternoon held by the Donora Athletic Association. Athletes from several towns participated in these events. Charleroi High School runners were entered, but in only two events, the 880 yard run and the running high jump, were they able to qualify. Austin Stahlman took second place in the 880 run and John Hugus took third place in the jump. Lloyd Carson, last year's High School track captain who was entered under the Monessen A. A. emblem, captured third place in the pole vault.

SOCIALISTS HOLD SECOND OUTING

Three Counties Represented at Affair Held at Eldora Labor Day

Socialists from Washington. Westmoreland and Fayette counties held their second annual outing at Eldora Park on Monday and the event was one of the first in importance of assemblages held by Socialists of Western Pennsylvania. There was a big crowd present during the whole day and a beneficial gathering to the Socialist propoganda.

People came to the park in the earlly morning and parties from different parts of the three counties continued to arrive until later in the afternoon. In the afternoon the chief feature was speaking, and the main address was made by Prof. John Kirkpatrick, of New York city. Prof. Kirkpatrick is the author of "War! What For?" and his topic was the same as that of his book. He said that the working men made the tools the working men went to war and the working men were killed. He said that war could be stopped by the working men refusing to fight

Louis Goaziou of Charleroi, editor of L'Union des Travelleurs, the Grench Socialist paper, made a talk in which he outlined the changes industrially over the country during the past 20 or 30 years and said that the workingman should be benefitted by the changes. Joe Bertelli made an address in Italian. Adrian Eldridge of Monongahela was chairman of the meeting.

NEW SINGER MAKES AN IMMEDIATE HIT

Miss Helen Atwell, the new singer at the Palace Theatre made her initial appearance Monday night and she made an immediate hit, being enthusiastically applauded and forced to respond to encores. Miss Atwell, who is the first woman singer the Palace has had for some time has a mezzo-soprana voice of rare quality. Her experession is good and her grading of tones is excellent. Miss Atwell sang Monday night "My Hero" from "The Chocolate Soldier," and while the arrangement of the song did not particularly adapt it to her voice, she nevertheless showed remarkable quility and benefit of voice training.

SHOOTING ENDS GAME

One Man Killed and Three Seriously Injured

POSSE CHASING NEGROES

One woman was probably fatally wounded and two men were wounded as a result of a "friendly game" of seven-up at the home of William Pierce at Hackett Station Monday afternoon. All are negroes.

THE DEAD.

Mrs William Pierce, 25 years old shot and instantly killed.

THE INJURED.

Mrs. Irene Hicks, 45 years old, mother of Mrs. Pierce, shot through lung; probably will die.

Robert Brown, 25 years old, a miner of Hackett station. cut and bruised about the face and head.

William Pierce, 30 years old, husband of dead woman, cut about face and head.

Pierce, his wife, his mother-in-law, Robert Brown and Stewart Palmer, 58 years old, were playing "seven-up" when a dnspute arose as to the ownership of a trick.

A fight ensued in which all parties concerned are said to have exchanged blows. While the fight was in progress, another negro, William Evans, got a shotgun from his home and passed it to Palmer, is is alleged. Palmer, it is said, fired one of the barrels, at close range, and the load struck Mrs. Pierce, tearing away part of her side and killing her instantly.

Palmer, it is alleged, then drew a revolver and fired, the bullet piercing Mrs. Hick's body, through a lung. Then, drawing a knife, Palmer is alleged to have attacked Brown and Pierce, slashing them about the face and head in his effort to escape. Palmer then fled. A posse headed by Deputy Sheriff R. G. Lutton is in pursuit.

YOUNG INSURANCE MAN WEDS AT M'KEESPORT

At the home of the bride's parents in McKeesport, Monday occurred the wedding of S. Albert Berry, a well known young insurance man of Charleroi, and Miss Nellie Bathust. The event was a pretty affair, and soon after the ceremony the happy young couple left for the east where they will enjoy their honeymoon.

Upon their return they will take up their residence in Belle Vernon where the groom has already a home prepared on State street.

The bride is the beautiful and accomplished daughter of Mr. and Mrs. Irvin Bathust, and is a popular young woman in her home city. Mr. Berry, who was formerly a resident of McKeesport has been a member of the local force of the Metropolitan Life Insurance company, with offices in the Bank of Charleroi building and has been remarkably successful here. He was one of the star players on the First Presbyterian church team of the Church Baseball league during the past season.

BOROUGH SHOULD BENEFIT.

It is understood that there is some objections to the paving of Lincoln avenue on the part of certain property owners unless the aid promised by the State is not appropriated for the benefit of those property holders on the thoroughfare instead of going to the borough for the benefit of all the taxpayers. In other words, some of the property owners of Lincoln avenue want the State aid used to cut down their paving assessments instead of paying the one-third which all the other property owners did who live on paved streets.

This is manifestly unfair. If the borough paved Lincoln avenue in the ordinary manner, the property holders would pay two-thirds and the borough would pay one-third. That is the way all the other streets in the borough have ben paved, and to discriminate in favor of property owners on one street would be in conflict with the ordinance governing that situation. The proper procedure is for the property owners to pay the one-third the same as the others, and relieve the borough from any payment at all, as this would then benefit all the taxpayers alike. If the State paves the borough's share in paving Lincoln avenue, that will leave that much more borough funds available for improvements elsewhere. It would not be fair for Lincoln avenue property holders to pay less for their paving than property owners on any of the other paved streets.

Norris Case Opened.

The case against Eph Norris, the Charleroi colored man who is charged by George B. Nelan with attempted burglarly at his home on Lookout avenue, was scheduled for today and witnesses are in Washington. The case had already been postponed twice.

PICKED UP IN PASSING

"You'd be surprised," said George S. Might, the McKean avenue newsdealer, "at the amount of light literature I sell to people whom I know have good literaary taste and sound intellectual development. One of these purchasers said to me once when he bought some paper backed books that one naturally supposed belonged to the chambermaid class of readers, that he read such stuff ot intervals for rest and recreation.

"I read and study a big lot of solid matter right along as you know,' he said, 'but the time comes at intervals when my mind gets stalled and I have to rest it. This I do by reading some light stuff that has a thrill in every chapter. That is why I buy this stuff. It's for the rest and recreation it gives me.'

"And," continued Mr. Might, "He's only one of many."

E.B. Murdock of the clothing firm of Murdock & McCarthy, admitted that he too, had been an extensive reader of light literature in his youth.

"We couldn't get good literature cheap then as now and the current cheap fiction was Beadle's and Munroe's blood and thunder tales, and the New York Ledger from which we boys back in Greene county used to get our thrills and inspirations. It was Indians, Indians, Indians. There was always a hero and a heroine and an old trapper who fought, were captured and escaped, and had a thrilling adventure on every page. I only remember one such novel in which the hero got killed, and that actually made me mad. I couldn't conceive of a writer who would kill off the hero in the last chapter."

FEENEY PROVES AN EXPERT AT QUOITS AND WINS A PRIZE

In addition to his record as a legislator, Assemblyman William Feeney has also a record as a quoit pitcher In youth some men have taken to baseball, some to golf, and some to other forms of athletics, but Mr. Feeney has a liking for quoits—not the horseshoe kind, but the regulation sport in which rings are used. Mr. Feeney is considered one of the experts in this line, and has won a number of matches, one of the most sensational of which was pulled off at Roscoe Monday.

This had been arranged two weeks ago with Robert Stevenson, another expert, for a prize of $25. Five pound rings were used. Mr. Feeney gave his opponent a handicap of three points, and then won by 17 points, the score being 51 to 34. A big crowd was in attendance at the contest.

DONORA CHURCH TO COST $35,000

St. Michael's Greek Catholic Slavish congregation of Donora, laid the corner stone of their handsome new church Sunday. The ceremonies were the occasion of the presence of numerous visiting priests. The new church will be erected at a cost of about $35,000 and will occupy the site of the old frame church built by the congregation at the corner of Fifth street and Murray avenue, directly following its organization in May of 1904. It will be built of buff brick with stone trimmings and will have a seating capacity of 650 persons. The building is of old Greek architecture. The Rev. Father Alexander Kossey is the present pastor of the congregation. The officers are Mike Dudas, president; John Stanko, secretary; Mike Breza, treasurer, and John Procz, Andy Duricsko, Mike Dudas, John Janisik, George Vrabel and Father Kossey, trustees.

STOP THAT DANDRUFF

before it kills your hair. You know dandruff is a germ disease and it leads slowly and surely to baldness and there is only one way to cure dandruff and that is to kill the germ that causes the trouble.

Greasy salves will never do this. ZEMO and ZEMO SOAP kills the germ and are guaranteed to cure dandruff, itching scalp and all other germ diseases of the skin and scalp.

ZEMO and ZEMO SOAP are the true scientific remedies for these afflictions. To show our faith in ZEMO and ZEMO SOAP we have instructed the druggist selling them to refund your money if you are not satisfied with the results from the very first bottle and the first cake of soap.

We can afford to make this offer because one bottle of Zemo and one cake of soap are sufficient to show their healing qualities and if used according to directions, they will effect a permanent cure.

JOSEPH HORNE CO

PITTSBURGH, PA.

One Quarter of A Million (250,000) People, Will See This Advertisement, and You Are One of Them

This is The Thoughtful, Earnest Statement of Pittsburgh's Oldest Departmental Store, A Store Established 62 Years Ago.

THE Joseph Horne Company store was established on Market Street in Pittsburgh in 1849 by Mr. Joseph Horne.

Like the compass with four cardinal points—North, East, South and West—there were four cardinal points the founder of this business determined he would follow. Those points were:

(1) Reliability,
(2) Service,
(3) Truthfulness,
(4) Aggressiveness.

Those four qualities he considered business essentials, and though times and conditions have changed, honor is just as honorable, truth is just as truthful today as 62 years ago. The descendants of Mr. Horne and his partners, who now guide this business, follow the same motto that has hung over the door (figuratively speaking) ever since the key was first turned in the lock.

Every business institution in the world is conducted for the purpose of profit-making, but the Joseph Horne Company know that its business bread is buttered on the side of reliability, service, truthfulness and aggressiveness. In the bright lexicon of modern departmental store methods, these are our guiding stars.

You Live Within 60 Miles or Less of Pittsburgh

PERHAPS an interurban electric line, one of those modern-day marvels of transportation, will bring you direct to the Joseph Horne Store. If not, a railroad is at your command and will whisk you to Pittsburgh in almost no time—50 or 60 miles is nothing nowadays.

If you buy only as little as a spool of thread, it will be delivered to your home without further thought or inconvenience to you, and without a penny's added charge.

If you will take a day and come to Pittsburgh, you can supply all your needs in a comparatively short space of time. You can do it quickly, easily and pleasantly. You will have an immense variety from which to choose, and you will pay the smallest prices for which it is possible to produce merchandise of good, reliable quality. When through with your shopping, you will have time for the matinee or a visit to some Pittsburgh friends before train-time.

The Exposition Building is but a Stone's Throw From Horne's

THE great Western Pennsylvania Exposition is now open. The first excursion is Wednesday, September 6th; the second is Thursday, September 7th, and the third is Saturday, September 9th.

There are other excursions each Wednesday, Thursday and Saturday until the conclusion of the Exposition, October 21st. What a wonderful opportunity it is to get in personal touch with the Joseph Horne Company and the Exposition. You can combine two pleasurable events in one and profit by both.

We Do Not Operate This Store to Suit Ourselves but to Please Our Customers

IT has been said that public opinion is of greater force than money or men. Public opinion is the supreme court from which there is no appeal.

We do our best to make this a store that will appeal to you. When you come to town you may take your parcels to the Checking Desk at the rear of the Main Floor and have them checked free of charge. The immense Mezzanine Balcony is an alluring spot to sit and rest for a moment. There you may write a letter, read the newspaper and meet your friends. Telephones are handy, there is a Post Office right at your elbow where money orders may be bought and stamps purchased. When lunch time comes, you may take an express elevator to the 6th floor and at small expense have as comfortable and appetizing a lunch as one could desire.

If you wish a taxicab ride, ask any floorman and he will have the machine at the door in five minutes. At train-time if you will ask a floorman he will have a boy help you take your parcels to the train.

This is fundamentally and emphatically a store of reliable things. It is not our business to see how cheap an article is purchasable. It is our business, and at the same time our pleasure, to see how good a thing can be, and then to figure at how low a price it can be sold. So, whatever you pay at Horne's and whatever you buy at Horne's, reliable quality is the basic characteristic.

Some times people KNOW things. Sometimes they think them. But this one thing you may KNOW. If anything should prove unsatisfactory for any cause, or for no apparent cause, it is returnable at any time and your money will be as cheerfully refunded as though you were drawing it from a bank.

Fall, and the Things for Fall

THE world is a little place in these days of telegraph, cable, wireless, steamships as big as skyscrapers and express trains that rival the lightning's speed. Facts About Motherhood

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at the time of child-birth, but when approach [illegible] experience with an organism untried for the trial of strength, and when the strain is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, women will persist in going blindly to the trial.

It isn't as though the experience came upon them unawares. They have ample time in which to prepare, but they, for the most part trust to chance and pay the penalty.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy, and strong.

Any woman who would like special advice in regard to this matter is cordially invited to write to Mrs. Pinkham at Lynn, Mass. Her letter will be held in strict confidence.

HEED THE WARNING!!

Backache is the Signal that Kidney Diseases are Nigh.

Who doesn't dread the advanced stages of kidney trouble—Bright's disease, dropsy and gravel.

But today throughout America, there are tens of thousands suffering the torments of hopeless agony just because they failed to heed the first signal, the certain warning of future misery—backache.

Bachache means that your kidneys are weak.

Stop kidney disease at the start, that's the easiest way and Thompson's Barosma is the surest remedy. W. F. Hennings' sells it, and is willing to guarantee it to stop backache, sideache and sharp shooting pains and to cure Bright's disease and any and all kidney, liver and bladder trouble, or money back

It is a great maker of pure blood, and a builder of flesh, because it promptly cleans the kidneys and puts them in such perfect condition that the impurities are thoroughly strained from the blood as it passes through and are promptly eliminated with the urine. Thompson's Barosma is only 50 cents and $1.00 a bottle.

Mrs. C E. Shanton, widow of the late John Shanton has left for her former home in Oklahoma.
